## Feast in the park

*As thanks for the annual Christmas tree donated by Brod, people from Brielle bake a delicacy for the people from Brod on the Czech liberation day. This year, the "oliebollen" were baked by master baker Kees Beije.*

*The joint action by Pekel / FC Brielle was a success. They managed to captivate the audience huge and because the park has different levels, everyone had a good look at the two bands.*

## It's going well: Art at the roundabout Havlíčkův Brod Square!

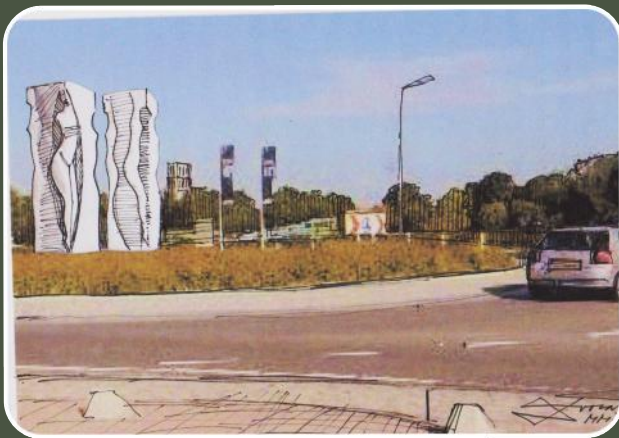

A visit to the sculptor Radek Dvorak in Havlíčkův Brod has led to the idea of a statue on the roundabout Havlíčkův Brod square at the entrance of Brielle. That would be a nice addition to Brielle and lasting step towards friendship with the people of other countries and those of our sister city in particular. The proposed title of the picture is therefore: **COMPREHENSION** (understanding). To obtain the permission of the province has been overcome. Now it will have to be sought sponsors for the cost of the image itself and placing them. It would be a beautiful expression of the

enduring bond of friendship at the entrance of Brielle. The HBBC is trying to achieve this together with the enthusiastic Klaas Schipper and Wim Kabouw.

Would you like to contribute to the realization of this project, please contact the HBBC or deposit your donation to:

In the pictures a first impression of the work, the final effect will remain a surprise!
